

Dear friends,

A lot has gone on in the last three weeks! On Sunday June 5, I graduated from UMass Lowell with an Ed. D. in Educational Leadership, focused on professional development. The next day, Monday, we hopped in our car for the two-day drive to Illinois, where we are beginning our new ministry based at the home office of TEAM.

We moved into our new home in St. Charles, Illinois (14 miles from the office) on Saturday, June 11, and began unpacking. We had our first full staff meeting of the Centre for Lifelong Learning on Thursday of that week, and I began work at the office on Monday, June 19.

I am working as the Program Coordinator for the LifeLearner Network, TEAM's newest tool to help missionaries become more effective in their ministry while remaining in the midst of ministry. This is part of the Centre for Lifelong Learning, which we will be telling you more about in our next letters. My role is a direct application of my study at the university combined with my work on the personal and professional development task force at TEAM over the past several years.

Meanwhile, Lois has been steadily working to get our home in order, unpacking, organizing, and directing me where to place the furniture and where to hang the pictures. She is also meeting with various individuals in the home office as she explores the opportunities for her to use her gifts and skills as part of this new ministry. In the fall she may also check out the possibility of continuing part time with her hospice work.

Thank you for your encouragement and support during these days of transition in our lives and ministry. You are a vital part of our ministry, and we are privileged to serve here on your behalf for the growth of His kingdom. Please keep us up to date on what's going on in your lives as well. Our new address and phone are at the bottom of the page. Our e-mail address remains the same.

Serving together,

Roger and Lois
